TRANSPORT

Minutes from the Farrer Park MRT Station and the Central Expressway, coupled with the accessibility of public bus services mere steps away, Forte Suites is the epitome of convenient city living.

ORCHARD

A mere 7 minutes drive from Orchard Road's sensational fashion and entertainment scene, Forte Suites is right in the heart of the trendiest and funkiest establishments in town.

CENTRAL BUSINESS DISTRICT (CBD) & THE NEW DOWNTOWN

Located in the same vicinity as some of Singapore's most prestigious addresses. Minutes from the CBD, the hotbed of top banking institutions, global conglomerates and corporate giants, Forte Suites is truly a place where extravagance is more a norm, than an exception.

BUGIS

A designated arts and education hub, Bugis is where the fireworks of youth and unbridled energy shine through. With the Singapore Management University and School Of The Arts taking centre-stage, it is a place where youthful energy converges with opportunities abound.

OPHIR-ROCHOR CORRIDOR

Conceptualised in the 2014 Master Plan as the Eastern extension to the existing CBD, the Ophir-Rochor Corridor looks set to become a precinct where modernity meets heritage, where Grade A office space exists alongside perfectly conserved historical buildings.

MEDICAL HUB

Flanking Forte Suites are Connexion – a new healthcare, hotel and retail complex – and Health City Novena. The planned healthcare development to be completed by 2030 will link Tan Tock Seng Hospital and an upcoming medical school to other healthcare facilities around Novena, together forming a mega 600,000 sqm integrated medical hub.

Notes to Specifications

A Marble/Compressed Marble/Limestone/Granite

Marble/compressed marble/limestone/granite are natural stone materials containing veins with tonality differences. There will be colour and markings caused by their complex mineral composition and incorporated impurities. While such materials can be pre-selected before installation, this non-conformity in the marble/compressed marble/limestone/granite as well as non-uniformity between pieces cannot be totally avoided. Granite tiles are pre-polished before laying and care has been taken for their installation. However, granite, being a much harder material than marble, cannot be re-polished after installation. Hence, some differences may be felt at the joints. Subject to clause 14.3, the tonality and pattern of the marble, limestone or granite selected and installed shall be subject to availability.

B Glass

Glass is manufactured material that is not 100% pure. Invisible nickel sulphide impurities may cause spontaneous glass breakage, which may occur in all glass by all manufacturers. The Purchaser is recommended to take up home insurance covering glass breakage to cover this possible event. Notwithstanding this note, the Vendor shall remain fully responsible for the performance of its obligations under clause 9 and clause 17.

C Mechanical Ventilation System

Mechanical Ventilation fans and ductings are provided to toilets which are not naturally ventilated. To ensure good working condition of the mechanical ventilation system, the mechanical ventilation system for the exhaust system within internal toilets (where applicable) is to be maintained by the Purchaser on a regular basis.

D Planters

Planters are designed to take the loading of potted plants only. No soil material or turf/plants will be provided in the planters.

E Timber

Timber is a natural material containing grain/vein and tonal differences. Thus it is not possible to achieve total consistency of colour and grain in its selection and installation. Notwithstanding this note, the Vendor shall remain fully responsible for the performance of its obligations under clause 9 and clause 17.

F Air-conditioning system

To ensure good working condition of the air-conditioning system, the system has to be maintained and cleaned by the Purchaser on a regular basis. This includes the cleaning of filters, cleaning the condensate pipes and charging of gas.

G Television and/or Internet Access

The Purchaser is liable to pay annual fee, subscription fee and such other fees to the StarHub Cable Vision Ltd (SCV) and/or Internet Services Providers (ISP) or any other relevant party or any other relevant authorities. The Vendor is not responsible to make arrangements with any of the said parties for the service connection for their respective subscription channels and/or internet access.

H Materials, Fittings, Equipment, Finishes, Installations and Appliances

Subject to clause 14.3, the brand, colour and model of all materials, fittings, equipment, finishes, installations and appliances to be supplied shall be provided subject to Architect's selection, market availability.

I Layout/Location of Wardrobes, Cabinets, Fan Coil Units, Electrical Points, Television Points, Telecommunication Points, Audio Intercom System, Door Swing Positions and Plaster Ceiling Boards

Layout/Location of wardrobes, cabinets, fan coil units, electrical points, television points, telecommunication points, audio intercom system, door swing positions and plaster ceiling boards are subject to Architect's sole discretion and final design.

J Warranties

Where warranties are given by the manufacturers and/or contractors and/or suppliers of any of the equipment and/or appliances installed by the Vendor at the Unit, the Vendor shall assign to the Purchaser such warranties at the time when possession of the Unit is delivered to the Purchaser. Notwithstanding this assignment, the Vendor shall remain fully responsible for the performance of its obligations under clause 9 and clause 17.

K Wall

All wall finishes shall be terminated at false ceiling level. There will be no tiles/ stone works behind kitchen cabinets/vanity cabinet/mirror.

Description of common property:

Car park lots, driveway, common lift/stair lobbies, pool, refuse chamber, lifts, staircase, turf area, fencing gates, switch room, pump room, water tanks, swimming pool, jacuzzis, wet deck, BBQ Pit, outdoor gymnasium, sky terraces, sentry post.

Description of car parking spaces:

106 surface car park lots.
2 handicapped surface car park lots.

Purpose of Housing Project and restrictions as to use:

The Housing Project is zoned as "Residential", strictly for residential occupation only. Restrictions, rules and regulations are contained in Schedule A hereto.

Additional Notes

While every reasonable care has been taken in preparation of this brochure, the Developer and its Agent cannot be held responsible for inaccuracies or omissions.
