THOMSON GRAND

Nestled right among the oldest and most prestigious Singapore Island Country Club (SICC) in a popular destination for the well-heeled, well-educated and well-mannered. Here the crème de la crème of society congregate. It is a premier community with rich academic influence. It is where beautiful views, the reservoir and expansive greenery, qualities for a very desirable living environment, are in abundance.

THOMSON GRAND

An aerial photograph of a large, irregularly shaped reservoir with a vibrant blue surface. The reservoir is surrounded by lush green land. To the left and bottom-left, there are large, irregularly shaped green areas with visible golf course fairways and clusters of trees, identified as the Island Golf Course. To the right and top-right, there are more green areas with some buildings and roads, identified as Lower Peirce Reservoir Park. The overall scene is a mix of natural greenery and developed areas.

FINE SURROUNDINGS

Thomson Grand neighbours the SICC, Singapore's first golf club with a rich heritage since 1891.

Voted by Fortune Magazine as one of the top 5 golf clubs in Asia, SICC is frequented by members of the parliament, halls of justice, global conglomerates and stars of the silver screen. It is a destination for many major international championships. It is a symbol of wealth and class.

PREMIER COMMUNITY

Reside in this valuable community. Fine mansions and high-worth properties within a network of notable schools appeal to the sophisticated and discerning. Ai Tong Primary School, Catholic Primary/High School, St Nicholas Girls' School, Lycee Francais De Singapour, Australian International School, James Cook University to name a few. It is where distinguished families and their next generation call home.

STUNNING ENVIRONMENT

Thomson Grand. A place with liberated views. A landscape of serenity and luxury.

Extensive greenery of over 260 hectares created by five picturesque golf courses – the Island Course, New Course, Millennium Course, Bukit Course and Sime Course of the SICC. Admire the blue of the 6-hectare Lower Peirce Reservoir harmonised by numerous trees that are over 100 years old. Ponder at the beauty of this magnificent backdrop.

Sculptures in the Park.

DP Architects Pte Ltd.

“Thomson Grand is an urban grand spectacle conceptualized as sculptural buildings in a park.

Located within one of the most beautiful, fond and enduring natural reserve settings in Singapore, the condominium units and strata terrace houses are a “stone throw” from the lush and open surrounds of the two major water reservoirs and the well established Singapore Island Country Club.

Catering to the multi generations of home makers that are already enthralled by the draw of the locality as well as those who long for the most unobstructed views of nature in Singapore, Thomson Grand is designed to fully optimize the breathtaking views of Island Golf Course, Lower Peirce Reservoir and the natural reserve, where residents enjoy an unmatched heightened sense of relationship with nature.

As the name denotes, the Thomson Grand experience is all encompassing with the grand vistas seen from the intimacy of modern homes that is set amidst the grand spread of gardens, pools and facilities for a contemporary luxury living environment.

Indeed, homecoming to Thomson Grand is a well deserved emancipation from the hustle and bustle of city life. Residents would enjoy the uncluttered layout and be nestled in a home that boast one of the best views in Singapore.

As a firm with over 1,000 professionals in 12 global cities and 40 years of expertise, DP Architects is continuously guided by the passion for creating an architecture of excellence that enriches the human experience and spirit.

Thomson Grand has indeed been a result of this passion.”

LIVING SCULPTURAL PARK

Behold this seamless integration of architecture and landscape! Thomson Grand is in essence, a sculptural park symbolic with high art.

Poised atop an exquisitely carved landscape, the towers of Thomson Grand stand out amongst the lush terrain. By day, tapering balconies with crowns rise majestically at the rooftop, articulating as a singular sculptural column. By night, the crowns glow as iconic beacons in the Upper Thomson district. Complementing the towers, the low-rise strata terrace houses glaze perpetually. Ponder at this brilliance.

In harmony with the architecture, the mutual amenities and landscape resemble sculptural masterworks strategically embellished in the park. Residents are invited to a daily viewing of awe showcasing a gallery experience that heightens the sense of luxurious living.

Homecoming and life will never be the same.

NOTES

1. **Air-conditioning System**

To ensure good working condition of the air-conditioning system, the system has to be maintained and cleaned by the Purchaser on a regular basis. This includes the cleaning of filters, clearing the condensate pipes and charging of gas.

2. **Cable Television and/or Internet Access**

The Purchaser is liable to pay annual fee, subscription fee and such other fees to the StarHub Cable Vision Ltd (SCV) and/or internet service providers (ISP) or any other relevant party or any other relevant authorities. The Vendor is not responsible to make arrangements with any of the said parties for the service connection for their respective subscription channels and/or internet access.

3. **Materials, Fittings, Equipment, Finishes, Installations and Appliances**

The brand, colour and model of all materials, fittings, equipment, finishes, installations and appliances supplied shall be provided subject to Architect's selection, market availability and the sole discretion of the Vendor.

4. **Marble, Limestone and Granite**

Marble, limestone and granite are natural stone materials containing veins with tonality differences. There will be colour and markings caused by their complex mineral composition and

incorporated impurities. While such materials can be pre-selected before installation, this non-conformity in the marble, limestone or granite as well as non-uniformity between pieces cannot be totally avoided. Granite tiles are pre-polished before laying and care has been taken for their installation. However granite, being a much harder material than marble cannot be re-polished after installation. Hence some differences may be felt at the joints. The tonality and pattern of the marble, limestone or granite selected and installed shall be subject to availability.

5. **Wardrobes, Kitchen Cabinets, Fan Coil Units, Electrical Points, Door Swing Positions and Plaster Ceiling Boards**

Layout/Location of wardrobes, kitchen cabinets, fan coil units, electrical points, door swing positions and plaster ceiling boards are subject to Architect's sole discretion and final design.

6. **Timber**

Timber is a natural material containing grain/vein and tonal differences. Thus it is not possible to achieve total consistency of colour and grain in its selection and installation.
